PAPER HANDLING SOLUTIONS

CHAMPION VACUUM TRANSPORTS

How will you use yours?

Inline Print / Barcode Verification

Inline Addressing w/ Reject Station

Offline "high-speed" Addressing / Bundling

Inline Addressing or Adding Spot Color

APPLICATION BULLETIN

The CHAMPION Vacuum Transport is designed to transfer a wide variety of paper-type products while maintaining a precise hold of the product via vacuum.

The compact footprint and adjustable height of the CHAMPION Vacuum Transport makes it ideal for inline use with inserters, tabbers, inkjets, and conveyors; or use it offline as a turnkey addressing system. With its heat resistant deck top and belts, the CHAMPION Vacuum Transport can be used to mount IR dryers for inline use with addressing systems.

The CHAMPION Vacuum Transport is available in 24", 36", 48", and **NEW 66"** lengths.

Simple, easy-to-use controls and minimal *tool-free* setup adjustments allow greater uptime, increasing productivity.

Designed with variable speed control, the CHAMPION Vacuum Transport allows you to readily match the speed of other equipment.
