Superior-PHS Batch Counting Collator Systems

Whether you're looking for the most economical or most advanced batch count collating system, We Got You Covered! These lines are extremely modular and expandable to fit your growing needs. Count, stack, jog, and collate your products to be retail ready. Easily integrate with wrappers, auto L-bars, reading/scanning stations, verification/inspections systems, and much more. Quick, easy setups provide the flexibility to process a wide variety of material types, sizes, and thicknesses. Add our exclusive SmartControl PLC Station to operator your entire line from one central location with options for continuous, indexing, and database on/off sequencing modes. No one can offer you a better batch count collating solution for your application and your budget - We Guarantee It!
