

Collating & Kitting Systems

Whether you're looking for the most economical or most advanced batch count collating system, We Got You Covered! These lines are extremely modular and expandable to fit your growing needs. Count, stack, jog, and collate your products to be retail ready. Easily integrate with wrappers, auto L-bars, reading/scanning stations, verification/inspections systems, and much more. Quick, easy setups provide the flexibility to process a wide variety of material types, sizes, and thicknesses.

Add our exclusive SmartControl PLC Station to operator your entire line from one central location with options for continuous, indexing, and database on/off sequencing modes. No one can offer you a better batch count collating solution for your application and your budget - *We Guarantee It!*

XM BATCH COUNT COLLATORS

XM Batch Count Collators are the most robust, advanced systems in the world to count, stack, accumulate, collate, and jog your products in high-volume 24/7 production environments. Easily integrate with wrappers/sealers, auto L-bars, strappers, cartoners, and more. Configure one to 50 feeder/dropper stations to feed the widest range of material including product sizes 3" to 30" wide! High customizable to fit your specific needs.

PAPER HANDLING SOLUTIONS

Superior Performance, Superior Value

Get More for Less! We set priority on ingenuity and inventiveness in an otherwise stagnant fulfillment industry. While others are playing catch-up, we are constantly moving forward to improve our customer's bottom line and continually define state-of-the-art in the industry. Which is why we pose the question:

WHY WOULD YOU GO ANYWHERE ELSE?
