

RXV Series Feeders - Friction & Vacuum Combined

The RXV Series Patented feeding technology make it the most economical feeder line on the market and the chosen solution for most feeding applications.

The **RXV-9s** is a cost-effective inserter/staging feeder and part of the new line of innovative trouble-free feeders featuring patented feeding technology.

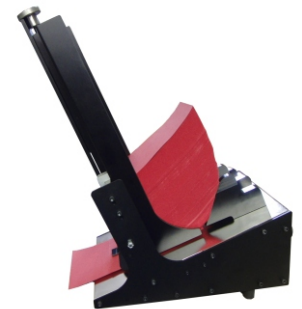

Feed a wider range of products for use with mailing inserters, vacuum cup arms, robotic arms, nip wheels, or hand fulfillment applications. The RX-9s will stage the leading edge of one piece of product up to the photocell to be removed by the next process.

When the photocell is blocked, the motor will stop. When the photocell is unblocked, the motor will start. Something must remove the piece from the feeder.

The RXV-9s can also act as a continuous feeder. If the photocell is pointed away and not blocked, the feeder will run continuously. This operating mode is used with flat belt or vacuum conveyors for inkjet printing, labeling, tabbing, etc.

ONLY STAGING FEEDER WITH VACUUM FEED ASSIST BUILT-IN
(Just add vacuum source when needed)

Optional Mail Inserter Spring Clips available.

FEEDING SOLUTION FOR

Stationary	Poly Bags	Z-Folds
Photo Paper	Calendars	Signatures
Craft paper	Invitations	Bags
Magazines	Paper	Collapsed Cartons
Folded Docs	Brochures	Plastic Cards
Greeting Cards	Die Cuts	Envelopes
Coffee Bags	Blister Cards	Direct Mail
Holiday Cards	Tri-Folds	Corrugate
Chipboard	Forms	Booklets
Leaflets	and much more	

APPLICATIONS & INTEGRATIONS

Feeding Modes:

Staging/Presentation	Fulfillment/Kitting
Continuous/IJ	

Integrate with:

Mailing Inserters	Robotic Arms
Vacuum Cup Arm	Nip Wheel
Wrappers	Auto L-Bar Sealers
Barcode Readers	Print/Label Systems
Inspection Systems	Camera/Vision Systems
Bundle Stackers	and much more

FEATURES & SPECIFICATIONS

Product Sizes	2.5"W x 3.5"L to 8.75"W x 6"L
Product Thickness	.004" to .375"
Product Stack Height	Up to 16"
Max. Speed	400 ft./min
Footprint Dimensions	9.5"W x 9.25"L x 18.5"H
Weight	22 lbs. (9.98 kg)
Utilities	120vac - 3A - 60Hz

Shown: RXV-9s replacing the hopper on an inserter.

Great for all products, including folded material, for maximum productivity.
