

Superior Performance, Superior Value

Flighted Conveyors

Superior-PHS is the industry leader in simple-to-complex system integrations. We offer the widest range of system components for your application and your budget, including a complete line of Flighted Conveyors. Whatever your requirements, we can offer you the best flighted conveyor solution for integrating with your wrappers, L-sealers, banders, strapers, cartoners, collation & kit fulfillment lines, and much more.

CHAMPION L-16

This robust, powerful workhorse is the chosen option for nearly any conveying application. This option provides added torque and durability for 24/7 operations.

SPECIFICATIONS:

Features: dual chain driven, flight pins drop vertically, On/Off E-Stop pushbutton, host system interface.

Product Sizes:

Min. 3"W x 3" L – Max 16"W x 30"L
(other sizes by request)

Standard Lengths: 6', 8', 12', or any combination of those lengths up to 100'.

Maximum Speed:

Variable speeds up to 100 ft./min

Product Stack Height: 2" standard
(higher side guides and flight pins are available up to 6")

Deck Height: 31"-35"

Utilities Requirement:

115vac—10A—60Hz

Options: Indexing Motion Controller, System Interface Cable, Table Mount, faster speeds available

CHAMPION L-26

The L-26 provides all the benefits of the L-16, but is servo driven and built for wide format applications—up to 26" wide product feeding, standard.

Superior Performance . . . Superior Value! We set priority on ingenuity and inventiveness in an otherwise static fulfillment industry. We are constantly moving forward to improve our customer's bottom line and continually define state-of-the-art in the industry. We challenge our competitors to deliver a more robust, high-performing product at a better value than Superior-PHS.
